Subject Meeting with Presidents of North America's Building Trades Union and United Association: Permitting and Construction of Infrastructure

Location DCRoomARN3500/OPEI

Show Time As Tentative

Directions: Please use the William Jefferson Clinton North Entrance located on your right as you exit the Federal Triangle Metro Station. Please arrive 10 minutes prior to the meeting with photo IDs to clear Security.

EPA Contact: For an escort from Security to the meeting call (202) 564-4332; for all other matters call Robin Kime (202)564-6587.

Attendees: TBD

Request: On behalf of the combined 3.5 million members of the United Association (UA) and North America's Building Trade Unions (NABTU), I request the pleasure of a meeting with you, President Mark McManus of LIUNA and President Sean McGarvey of NABTU on July 5th 2017. UA and NABTU members care about infrastructure; and that is what we would like to discuss with you. Our members often benefit from the good paying jobs that are a byproduct of development and deployment of all types of infrastructure, from pipelines, to highways and waterways. UA and NABTU have a track record of supporting projects that will create union jobs and we maintain an all of the above approach to energy development.

We are particularly enthused to see the department's efforts to streamline project permitting. An acceleration of permitting and construction of infrastructure carries with it the potential to create thousands of jobs with extensive economic multiplier effects across the United States economy. Specifically we would like to discuss how we work together on the Administration's infrastructure development agenda and share our ideas for public policy that will further our mutual goals: jobs and a growing economy.

Subject Deputies Meeting on the Permitting Section of the Infrastructure Legislative Proposal
Location Cordell Hull, EEOB 208
Show Time As Busy

The National Economic Council will be hosting a Deputies Meeting on the Permitting Section of the President's Infrastructure Legislative Proposal on Thursday, August 31st at 3:00pm in Cordell Hull, EEOB 208. The purpose of this meeting is to discuss significant policy provisions in the permitting section of the President's infrastructure legislative package. The permitting legislative principles build on the Executive Order the President signed on August 15th and include proposed reforms to laws and policies that unnecessarily hamper infrastructure permitting, funding, and delivery. The permitting section has been developed with staff across the Executive Branch, and this meeting will ensure Agency Deputies are informed regarding these proposals before the infrastructure package is released in September.

Please let me know if your deputy is able to attend. Each deputy is able to bring a +1.

If you are able to attend and need to be cleared into the building, please use the link below:

Request:

We will be having our fall legislative fly in the second week of September. As part of the fly in, I was wondering if it is possible to schedule a briefing with you, or other senior EPA staff on September

12th to discuss various priority environmental issues with the Minnesota Pork Producers. Minnesota is the number two state for pork production, behind Iowa.

This would be primarily more of a "getting to know you" meeting with a general discussion on issues on the farm than any specific in depth focus on any single issue.

However, issues of note for Minnesota include the following:

* Nutrients, the value of manure, and water quality standards.
* Air Emissions Reporting from livestock farms
* EPA's NESHAP for Reciprocating Internal Combustion Engines (on farm backup diesel generators) 40 C.F.R. Part 63, Subpart ZZZZ

Attendees:

Michael Formica, National Pork Producers Council

David Preisler, Executive Director, Minnesota Pork

Jill Resler, Chief Operations Officer, Minnesota Pork

Lauren Servick. Director of Communications and Marketing, Minnesota Pork

Jay Moore, President, Minnesota Pork

Greg Boerboom, Vice President, Minnesota Pork

Ben Johnson, Minnesota Pork Ambassador

Daryl Timmerman, Board Member, Minnesota Pork

Subject: Call with IPC CEO

Dear Byron,

We met during an electronics industry meeting with the Administrator on May 2nd. During that meeting, our client IPC, which is a global trade association representing large and small companies in the electronics industry, described issues of concern under various EPA programs affecting the industry and our desire to find solutions that advance environmental stewardship while also minimizing or eliminating unnecessary or overly burdensome reporting/regulation. Per my discussion yesterday with Patrick Davis, I was hoping to set up a call next week between you and the CEO of IPC, John Mitchell, to update you on one of the issues we raised in that meeting. Would you have time either on Monday between 3 and 4:30 or Tuesday at either 11:30 or 12 for a short call?

Thank you,

Gabe

Subject Infrastructure Initiative Communications Coordination
Location EEOB 350
Show Time As Tentative

All--

We are pulling together a group of interagency staff to begin focusing in a more coordinated way on communications efforts associated with the policy, regulatory, and legislative aspects of the President's Infrastructure Initiative. We'll be looking to coordinate a calendar of infrastructure newsworthy events/opportunities to highlight the need for infrastructure investment throughout the country as well as the need for permitting and regulatory reforms. For example, this effort will include identifying proposed and planned opportunities to engage with industry and stakeholders throughout the country, press release opportunities surrounding agency policy or regulatory reforms that align with the President's infrastructure agenda, success stories on accelerated infrastructure project delivery, opportunities for White House leadership involvement at events, and eventually, events surrounding the release of the infrastructure legislative principles.

We look forward to your attendance and participation Monday. Please bring other staff who will be critical to this effort. To obtain clearance to the EEOB, please submit WAVES information using the link and information below.

In the meantime, please contact me with any questions.

Subject Discussion of Recent 108(b) Comments

Location EPA North 3330

Show Time As Busy

OLEM has received significant edits to the 108(b) package this afternoon plus we are working to address FAR comments. After discussing this situation with Byron we thought that with the Wednesday submission to OMB looming we need the principals to get together and agree on a strategy and approach for handling the comments and moving the package to OMB.

If someone has a meeting room downtown that we could use please let me or Meghan/Richard know and we will add the room number otherwise we will try to find space in the OLEM IO.

Teammates

Acting Deputy Administrator Mike Flynn announced that the Agency would be conducting Cybersecurity Stand-Down events starting in the month of October and concluding in early November.

What is a "Stand-Down"?
A Cybersecurity Stand-Down is a time for employees to focus on security, resilience, and privacy. This year's theme is Spam, and will have several training opportunities beginning next week.

When will event take place?
The stand-down will occur from November 6th – 9th , 2017. Session should last about one hour. Attendance will be taken to provide OAES with a percentage of participation in the sessions. You are free to come to any mandatory sessions.

How will you participate?
During the stand-down you will watch a video on the importance of cybersecurity at EPA, participate in an interactive activity, and engage with your colleagues about keeping information secure.

What is Cybersecurity?
Cybersecurity impacts all of us when we go online, use our mobile device or tablet, or use a cloud-based service. We all interact with various tools designed to protect your personal information. It is critical for everyone to understand cybersecurity and our role in being safe while staying connected to minimize the chance of an incident.

EPA continues to incorporates several measures to protect our data and computing environment. For more information about EPA 's cybersecurity program is available at http://intranet.epa.gov/oei/Cybersecurity.html.

If you have any information security related questions or concerns, please contact Ganiat Aiyegoro, AO Primary Information Security Officer, at 202-566-1798 or James Howard, Information Management Official at 202-564-0407.

All sessions will be located in the WJCN 2530. The session times are as follows:

Wednesday, November 8, 2017 at 1:00 pm to 2:00 pm.

Location Training for Active Shooter Preparedness
Show Time As Tentative

AO Colleagues,

Please plan on attending EPA's Active Shooter Response Training on Thursday, December 7th in WJCN 2530 starting at 9:00 AM.

It's important to prepare for a possible active shooter situation by locating the primary and alternate exits closest to you and walking through your work area to identify:

* Potential hiding places that provide cover (ballistic protection) and concealment (shooter cannot see you).
* Items nearby that could improve cover/concealment.
* Ordinary office items you could use to defend yourself against an attacker/active shooter.

You are strongly encouraged to review the Occupant Emergency Plan (OEP) for the building where you work; please visit the HQ Security in the Workplace <http://intranet.epa.gov/oa/smd/hqsecurity/oep-index.htm> intranet site to access the OEPs for Headquarters buildings. More information can be found on the Active Shooter Response and Preparedness <http://intranet.epa.gov/oa/smd/activeshooterrespo nsetraining.html> intranet site.

Remember, during an Active Shooter event, you have three options based on where you are when you hear shots fired:

1. RUN: evacuate.
2. HIDE: seek cover and concealment.
3. FIGHT: take aggressive action.

If you have questions, please contact Bill Bellerose, HQ OEP Program Manager, at 202-566-2191 or bellerose.william@epa.gov <mailto:bellerose.william@epa.gov> .

Hi Byron, per my voice mail earlier today, I'm reaching out to chat about the RCRA refrigerant issue that Ohio EPA and Gov. Kasich's office raised with Ken Wagner (overview in attached email thread).

Could I visit next week to brief you (week of Dec 4)? (I'm out of the country the following week). This should be an easy resolution. Many thanks.

Best regards,

Show Time As Tentative

Congressman Cramer's staff has requested that EPA participate in a meeting w/Sabin Metals and Mayer Brown LLP about the issue. The staffer plans to invite Tim Keeler (Sabin attorney with Mayer Brown LLP), Bob Jacobsen (Sabin), Bob Hansen (Sabin), and possibly Andy Sabin.

Attached is the incoming August 30, 2017, letter from Senators Hoeven and Heitkamp and Congressmen Cramer, Collins, and Zeldin regarding the impacts to the economy and the environment because overseas producers are not permitted to ship petrochemical byproducts to the U.S. for recycling. Also attached is EPA's November 3, 2017, response to that letter, which ORCR coordinated closely w/OGC, OITA, and the State Department, because they (the State

Dept.), too, had received the same letter from the Hill (to which they responded on October 11.)
