GPRA Facilities Not Meeting the Goal

For the 2018 GPRA Permit Baseline

Report run on: March 18, 2014 - 1:37 PM

Version: 5.0

User Selection Criteria

Location:	CALIFORNIA	**Group of IDs:**	None Chosen
Baseline:	2018 Permits	**Units:**	All
Handler Name:			
Handler ID:			
Legal Status:	All		
Operating Status:	All		

Results

Data meeting the criteria you selected follows.

Total Pages: 16 Total Facilities: 37

Report Description

This report lists only those facilities which do not have approved controls in place within the specified GPRA baselines. These facilities may have units that do meet the GPRA goal, but for a facility to count as an accomplishment, all units in that baseline must also meet the goal. If the Legal/Operating Status, Date Range, or Units criteria are selected, then only units that match that criteria will be tested to see if they don't meet the goal. The effective date will show the actual date of the OP205 or PC205 event. If there is no OP205 or PC205 event, then it will show the actual date of the OP200 or PC200 event. Finally, if there is no OP200 or PC200 event, then it will show the effective date of the legal/operating status (Unit). Whichever date is shown will be indicated in parentheses.

The units that do not have an Accomplishment Date have not yet met the goal. A date is placed in the column when the unit has certain legal and operating status codes or if the region stated that the unit has met the goal criteria through an outside verification process. If the verification process is used for a unit, the Accomplishment Date will probably be different than the Effective Date of the legal/operating status codes.
