One of our resellers reached out to me about the mobile tracking software in the attachments and I thought it might be of interest to you.

If not, no big deal. However, if you are interested, let me know and I can set up a meeting.

We're still struggling with some of the privacy paperwork before we can execute this year's renewal.

I'd prefer to hold off on any larger requests until we've closed on this renewal and have ensured privacy has bought into what we're doing.
