Thank you everyone for your comments! I incorporated them last night, and added that paragraph noting the Congressional Action. Tim and I touched base individually on the recommended language for the paragraph he referenced. I also removed all the 'internal vs. external' on the document and left the 'internal deliberative' at the top of the whole paper. As Lynn mentioned before, we also plan to provide the CERCLA/EPCRA talking points that the Ag Counselor's office developed in conjunction with OSWER. I also wanted to note that we are briefing on the NAEMS paper first, so the Compliance Agreement will be referenced prior to going over the CERCLA/EPCRA information. Please let me know if you have questions, and thanks again!

Jennifer Schuller, R8 was tasked with putting together a briefing paper with information for both public and internal consumption. I've reviewed/edited - however, I will also recommend to Jennifer that she break the paper into two (one public/one internal). Currently there is too much chance for the document to be released (at least that's what I'd be concerned with). She is on a tight turn around and needs comments back by Thursday afternoon. So, if you can possibly get comments back to me by Thursday morning, I can consolidate comments from HQ.

I did not comment on the briefing paper for NAEMS.

Here is the file with my edits/comment - if you want to start there: [attachment "epcra.cercla.1.03.12-lmb.docx" deleted by Larry Elmore/RTP/USEPA/US]

Internal Deliberative/FOIA Exempt/DO NOT RELEASE

Lynn,

Thank you for your call this morning. I really appreciate the update you provided, as well as your offer to review this briefing paper to ensure our information and messages are correct. Please let me know if you have any questions, or would like additional information. As I mentioned earlier, our management briefing is this Thursday afternoon. I also included the NAEMS briefing paper, FYI. We also plan to provide our RA the talking points on the house/senate bills.
