Matt,

The purpose of the paper is to brief the Region 8 RA so that he is knowledgeable of the issues in preparation for a meeting in Region 7 of the State Department of Ag Directors (Jan 20, 2012). The paper is not intended to be handed out, but rather provide talking points so that he can participate in the meeting.

The paper may also be shared with Region 7 as they brief their RA.

Jennifer is also planning to add a little background on recent legislative activities on Capitol Hill. [attachment "epcra.cercla.1.03.12-lmb.docx" deleted by Matt Straus/DC/USEPA/US]

Jennifer Schuller, R8 was tasked with putting together a briefing paper with information for both public and internal consumption. I've reviewed/edited - however, I will also recommend to Jennifer that she break the paper into two (one public/one internal). Currently there is too much chance for the document to be released (at least that's what I'd be concerned with). She is on a tight turn around and needs comments back by Thursday afternoon. So, if you can possibly get comments back to me by Thursday morning, I can consolidate comments from HQ.

I did not comment on the briefing paper for NAEMS.

Here is the file with my edits/comment - if you want to start there: [attachment "epcra.cercla.1.03.12-lmb.docx" deleted by Matt Straus/DC/USEPA/US]

Internal Deliberative/FOIA Exempt/DO NOT RELEASE

Lynn,

Thank you for your call this morning. I really appreciate the update you provided, as well as your offer to review this briefing paper to ensure our information and messages are correct. Please let me know if you have any questions, or would like additional information. As I mentioned earlier, our management briefing is this Thursday afternoon. I also included the NAEMS briefing paper, FYI. We also plan to provide our RA the talking points on the house/senate bills.
