Lynn et al, see my comments. We have no choice with the new dates since we are waiting for the NAEMS report, Larry S, just so you know. We will support you on this.

Lynn, I suggest you write an email that either Larry or I can send to Barry and Mathy as well, to give them a heads up. Thanks.

I've updated the one-pager for Richard's short turnaround request. He needs by COB today. So if you can give a quick review, I'd appreciate it. I plan to send to Richard just before I leave at 4pm.

Larry, if you see any "show stoppers" let me know. I'm not sure if this is for public consumption or not.

(See attached file: CERCLA_EPRCRA Farms_ one pager_11_26_12-lmb.docx)
I also plan to send him this as a revised schedule: The schedule is delayed due to the NAEMS emissions estimating methodology development and their review by SAB. SAB will be discussing their draft panel report in March 2013.
