Hi Lynn:

Thanks for sending the schedule. When I tee this up to the IO, they will want to know how we arrived at the [redacted] date---can you provide me with OEM's thinking/extrapolation here? Also it appears that several of the dates after FAR actually fall on weekends! :)

Hi Richard,

I've attached an edited version of the one-pager. I left in track changes so that you can see the changes and who made them.

I've updated the one-pager for Richard's short turnaround request. He needs by COB today. So if you can give a quick review, I'd appreciate it. I plan to send to Richard just before I leave at 4pm.

Larry, if you see any "show stoppers" let me know. I'm not sure if this is for public consumption or not.

I also plan to send him this as a revised schedule: The schedule is delayed due to the NAEMS emissions estimating methodology development and their review by SAB. SAB will be discussing their draft panel report in March 2013.

Subject: One pager on CERCLA/EPCRA due this afternoon

Sorry for the late notice, but because Farms is still scheduled for FAR materials distribution on 12/11---as such, it got marked for a one-pager by the front office---which means we need an updated one -pager by cob

Here's the latest---I update the milestone section---thanks

p.s. Here's what the latest schedule fyi. We will also need to update with something more realistic for the 60 day list by the end of the month

[redacted]	FAR (Materials Distribution) (NPRM).
[redacted]	OMB Review (Prog Office to OP) (NPRM).
[redacted]	Administrator's Signature (Prog Office to OP) (NPRM).
