IIF Recognition Luncheon

Tuesday, February 9
11:00 – 12:30
Located in the Cafeteria

Every Task, the right way, every time!

Refinery Employees & Contractors
in recognition of
2MM+ combined safe work hours

The Refinery Management Team wants to recognize your hard work & congratulate **YOU!**

Richmond Refinery Contractors and Chevron Employees have just accomplished major milestones. Our contractors working in this refinery just surpassed 1,500,000 safe work hours without a recordable injury & our Chevron employees have just completed 750,000 hours without a recordable injury.

Remember, it's not about the numbers, it's about **YOU** returning home safely to your family and loved ones each and every day.

Thank you for creating an Incident and Injury Free workplace. What lies "Beyond Zero" incidents and an injuries? We continue to *create* a work place where we use all of the tools that we have; LPS, LPSA, TOP, Stop Work Authority and care & concern for each other while successfully meeting our business objectives.

Pre-orders are available to Operations Personnel only. Please have your supervisor fax orders to Ext. 2-5658 no later than Mon. Feb. 8th. Please include employee's name for pick up. All pre-orders MUST be picked up Tues. Feb 9th between 10:30 and 11:00.
