Hi Cathy - I got your voicemail. Kathy went through the spreadsheet and identified rentals based on billing vs. physical addresses; see attached. Janet scanned and weighed in as well. I think we have a good enough understanding of the issues to discuss and have a meeting next Monday at 11:00 at the DCD conference room to discuss - do you want to attend?

Kathy - thanks

All - the WM spreadsheet was updated by Kathy to identify rentals based on addresses - see the highlighted lines on the attached. Janet may have some additional comments, but I'm not sure they'll revise the immediate conclusion that can be made from the work Kathy's done. Of the $339K in 2014 delinquent accounts, only $107K appear to be rentals; therefore, it appears simply revising the code to require property owners to have accounts with WM will not solve the problem. Seems we should meet to discuss a path forward.

Kathy - can you please set up a meeting of all copied to this e-mail. Maybe early next week at the NDGC?

Thanks

Here you go. Let me know if you want me to do anything else with it.

Kathy
