Subject: FW: DDW Split Sampling Wednesday Torrance
Date: Friday, January 16, 2015 4:13:22 PM

Hi Cynthia,
I also left you a vm. We will sample Torrance Madrona Well #2 on Wednesday and will also try to get access to Cal Water 232-03 and 279 wells. I think this will work. The lab has a 48-hour turn around, so we should have the results by the end of the week. The Water Board will not collect splits with us (their lab isn't ready), but resample these wells on January 29 according to Shu Fang.

Have a nice weekend
Natasha

Subject: DDW Split Sampling Wednesday Torrance

Shu Fang,

Would you like to have a DDW staff split sample pCBSA with me on Wednesday?
I have scheduled sampling with Torrance Madrona Well #2 for Wednesday and I'm trying to confirm the sampling of Cal Water 232-03 and 279 on Wednesday with Jackie Takeda.

I have not heard from Jackie yet so I will follow up with a phone call on Monday and Tuesday.

Please let me know if you have any questions.
Matt
