Hi Alan,

The sampling will be delayed to next Wednesday. Next Monday is a holiday for us. I will call you next Tuesday.

Subject: Del Amo Montrose Superfund Groundwater Cleanup Baseline Sampling for pCBSA

Good morning Alan,

I left you a phone message earlier. Just want to let you know that USEPA would like to have access to your Desalter Well, Madrona #2 next Tuesday. They would like to collect samples from the well for pCBSA analysis. We will be doing our own sampling, either next week or the week after too. CH2M Hills, the contractor for EPA will conduct next Tuesday's sampling. If you have any questions for Cynthia, her phone number is (415) 972-3059. Feel free to call me if you have any questions.

Thank you.
