All redactions: internal and deliberative

Hi Colleen,

I sent a revised draft FRN to Lea on Friday afternoon [redacted]). Lea said she will try to get us her comments today or tomorrow.

FYI for now (this version will likely change), but feel free to take a look if you would like to.

Thanks!
Anita

Hi Lea,

As we discussed today attached is the draft FRN with many edits to shorten the notice, as well as in response to comments from you, Tamara, Martha, and Phil, including some re-arranging of the background and the addition of an executive summary (decided to just do it anyway if Janet generally likes to see it). It looks very colorful now. [redacted].

[redacted].

Anyway, still a work in progress (but improved!), but I appreciate your willingness to review this over the weekend!

Thanks so much Lea!
