~~Vol criteria~~ -

RCRA RECORDS CENTER
FACILITY MACDORMID
I.D. NO. CTD001164599
FILE LOC. R-13
OTHER RDMS # 100760

- Worth lot have discussed fencing - believe it will be hard to keep in tact - still discussing options (m. vegetation & fenced walks for Southgate/land fill)

RDMS DocID 00100760

- Went through history, believe just contaminated soil, sludge sent off site have doc to indicate that extent

- will have better maps to indicate site prop.
  have surveyed in locations where debris was removed

- property is contiguous / CA applicable

- Vol criteria

* off site workers

- SW/sed recalc. SWPC then rely on access/mon if exc. of SWPC

- LNAPL not gauged since

- inc. in TG HEC screen depths

- use seismic lines to det. bedrock loc & det where to put deeper well
