Hi all,

Attached is a mostly-clean revised FRN for NGS. I mostly accepted all the edits from Tamara, Martha, Phil, Lea, and Tod Siegal. I left a few edits in track changes and a few comment bubbles so it will be easy to find spots where I'd like to make sure I adequately addressed comments, or to highlight additional discussion, etc. As you all know, we intend to send a revised version to Janet and Tom by tomorrow (COB Eastern time, I assume).

I'll be in an office workload retreat for the rest of the day, but I will check email etc before I leave the office in case any questions come up.

Thanks!
Anita
