Hi Debbie,

Attached is the draft FRN – completely clean (no comment bubbles, hopefully no more highlighted text) for Janet and Tom. I incorporated the edits from you that were in the pages you were able to get to (up to page 124). Please let me know if you have further edits you would like me to incorporate.

When you send it to Janet and Tom, would you mind also cc'ing Kristien Knapp (she will be printing it out for Janet). After you have sent it, I can forward it to Paula VanLare (from OP) (unless you want to also cc Paula).

Thank you!

Anita
