Rick McFee - HRP 10/22/01

MacDermid - EP TOX

Since had approved cl plan - would have to be reviewed again / would have to go through public comment

CTDEP left it up to facility to revise or not

did app IX for 264

for: RCRA cl ≥ 90 day Storage

3 - all in bldg

waste not some yet

— will have to do TCLP for disposal - told him to think about DLs & getting additional env. data not strictly results

— could ÷ 20 w/ some mass results

~~* look reference on bioaccumulation compounds~~
