Hi Paula,

Just as a heads up, attached is the draft FRN for NGS that my division director just sent to Janet and Tom Powers for their review. She did not include a proposed schedule, but just stressed her preference to issue the final notice before the last week of July. This is just an advance copy, as we expect to receive edits from Janet and Tom.

As Debbie mentioned, OAQPS and OGC have reviewed this, as well as Tamara Saltman, from OPAR.

Kristien, I know you were cc'ed on Debbie's email, but I just wanted you to be aware that we're also giving Paula a heads up on this.

Thank you and I hope you all have a great 4th of July holiday!

Anita

Hi Janet and Tom,

In case your weekend doesn't include sufficient excitement from fireworks and Fourth of July parades, I'm sending along the NGS Final notice for your review. It has been reviewed by OGC and OAQPS.

As Janet and I discussed, it is important to issue the final notice in July, and I'd strongly prefer to do so before the last week of the month if we possibly can. We have prepared a communication strategy and would be happy to send that along early next week. Let me know if/when you would like us to arrange a call to discuss anything.

Have a great holiday.

Debbie
