- told him I had visited MacDermid, CT + one of the foreign generators had an "MID" # → so I was curious if MacDermid, Ferndale, had submitted a TSD NOI for CND waste → yes, in 1989, Waterbury CT env mgr sent NOI for Ferndale, MI to receive D002/D007/D008 waste from Mississauga, Ontario facility

- told him to expect NOI from C. Gillis, CT, for 3 generators / 2 TSDs → told him I had no reason to think that Michigan facility not in compliance w/ import reqmts

- we discussed R5 imports case histories + ERP re: Safety Kleen recently cited by R5 - [illegible]
- briefly discussed my findings of CT [illegible]
- CT manifest system tracks by ID#
