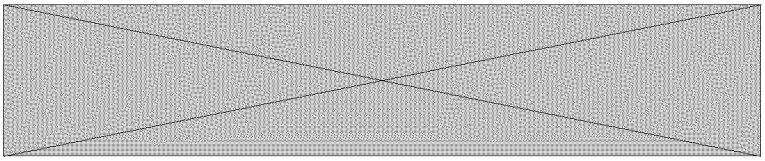
Subject: Haz-Waste Reduction Initiative: November 14th Meetings in Los Angeles

Dear Exide Advisory Group,

Attached is information regarding the Haz-Waste Reduction Initiative: November 14th Meetings in Los Angeles.



Please join the Department of Toxic Substances Control (DTSC) at two public meetings for the Community Protection and Hazardous Waste Reduction (Haz-Waste Reduction) Initiative. The Haz-Waste Reduction Initiative is designed to leverage DTSC's stated goal of reducing hazardous waste generated in California and disposed in hazardous waste landfills by 2025. DTSC will select pilot projects to reduce hazardous wastes that are generated in significant quantities, can pose substantial risks or harm to human health or the environment, and are treated or disposed in communities that are disproportionately burdened by multiple sources of pollution. DTSC invites the public to participate and provide feedback on these efforts.

Monday, November 14 -- Eventbrite RSVP: https://www.eventbrite.com/e/haz-waste-reduction-initiative-november-14th-community-meeting-tickets-28644279812

Junipero Serra State Office Building, 1st floor, Carmel Room
320 W. 4th St
Los Angeles, CA 90013

Community Meeting - 6:00PM – 8:00PM
Meeting Objectives:
- Overview of hazardous wastes in California and the role of DTSC in protecting Californians; and
- A project update on the Haz-Waste Reduction Initiative with opportunity for community feedback.

Advisory Committee Meeting - 1:00PM – 4:00PM
Meeting Objective:
- Provide a project update to members of the Advisory Committee and garner input for future action.

Both meetings are open to the public. Agendas and meeting materials will be available prior to the meeting date and can be found at: dtsc.ca.gov/HW-reduction.

Contact: Lazaro Cardenas at (916) 323-8749 or cphwr@dtsc.ca.gov
