SUMMARY OF COMMUNICATION

Originally when Jack Van Lundy applied for an EPA ID# (in person), he said the company would not be TSD for some time if at all. That he would send in a letter or amended notification for to have TSD-Activity code #3 deleted from his file.

To date nothing has been received & I talked to Jim Scott today & he said they might want to stay in the system as a TSD but when J. Van Lundy returned to town he would have him contact E.P.A.
