THE FLETCHER GROUP

August 23, 1996

Mr. James Drummond, Jr.
5 U.S.C. § 552 (b)(6) Personal Privacy
[redacted]

SUBJECT: Soil Sampling on Lot 35, Sylvan Drive, Kings Acres Subdivision
Greer, South Carolina

Dear Mr. Drummond:

As you know, The Fletcher Group, Inc. is working with Exide Corporation and the South Carolina Department of Health and Environmental Control (SC DHEC) to provide surface soil sampling along Bent Creek Drive and Bowers Circle in the Kings Acres Subdivision, Greer, South Carolina. With your permission, a soil sample was collected from lot 35, at a depth of 0 to 3 inches each, for total lead analysis. The results on the sample collected from lot 35 are as follows:

Lot No.	Sample Description	Lead Concentration (ppm)
35	B35-1	57

This concentration is below the current SC DHEC and the US Environmental Protection Agency (US EPA) action level for lead in residential soils. The sample results from your property will be included in a full report on the Kings Acres subdivision sampling scheduled to be submitted to SC DHEC on or before August 30, 1996. Following review and comment by SC DHEC, the full report will be placed by SC DHEC in the information repository at the Greer Library.

If you have any questions concerning the on-going study, please feel free to call me at (864) 422-9999, or the Project Manager with SC DHEC, Mr. Mike Klender, at (803) 896-4073, or the district office SC DHEC contact, Mrs. Mary Leister, at (864) 241-1090.

Sincerely,

The Fletcher Group, Inc.

Kathy Webb, PG

cc: Mike Klender, SC DHEC
