Rich, sorry for anything I did to contribute to this confusion/delay. Ex. 5 - Deliberative

Ex. 5 - Deliberative

I just spoke to Helen and she will join me for my call to you after the 10AM meeting with Shawn.

Thanks for your patience and the same to Ann, Kelley and Rich..... den.

Hey Rich,

We didn't get the message to start today---we were planning on tomorrow because

Rich, I have a 10 am mtg with Shawn and Ron and I'll call you after that...

But per the note below from DEP we're on our own so continue to plan with your team getting the survey started as soon as wednesday afternoon. I'll let you know if we have a thumbs up at 10am. Call in the morning if we need to talk before 10. I'll be in the office by around 7am. Thanks, den.

Subject: RE: Survey questions

John and Ron,

Thank you for providing me with the survey questions. Per your request, attached are the names addresses and phone numbers for the people Cabot was supplying with water back in late 2010. To the best of my knowledge Cabot is no longer providing alternative water to anyone in Dimock.

I appreciate EPA's willingness to work with PA DEP as we are always evaluating groundwater quality in Dimock PA. Staff from DEP's Northwest, Northcentral and Northeast Regional Offices have spent a considerable amount of time in Dimock over the past several years and are very familiar with many of the residents there. As such, we do not believe it would be an efficient use of our staff's limited time to accompany EPA during your survey. However, to the extent EPA has questions regarding drilling activity, spill remediation efforts, water well sampling and enforcement actions we have taken in Dimock, our staff will certainly make themselves available. Because these efforts involved staff from three different regional offices there isn't a single field person I can direct you to but I can be your point of contact and put you in touch with the right people.

Thanks again for reaching out to me today.

Subject: Survey questions

Scott: see attached for the questions our teams are expected to use when go door-to-door.

Let me know if you have any questions. Also, please try to get back to me as soon as you can - preferably today or no later than early tomorrow morning - regarding the State joining us in this effort.

Could send me the information on the addresses you have of the residents in the area - especially the ones that have had some alternate water supplied or well sampling done by Cabot. Do you know who is still being supplied alternate water, if any? Also, I would

appreciate a point of contact for our field folks to use in coordinating their efforts.

You can contact me at the numbers below. If you can't get me for some reason, you could also try Jon Capacasa on his cell: 215-514-9614

Thanks

Ron
