Date: 04/04/2012 02:30 PM

No homes sampled today; no additional homes scheduled.

Data packages for 15 of the 20 homes sampled during the second week (1/30-2/3/12) will be delivered today. 2 additional packages are being emailed to the residents. 2 will be delivered tomorrow morning. 4 additional residents remain to respond and be scheduled. (These add up to 23, not 20, because there are tenants at some homes and both tenant and owner receive a data package.)

Site team continues to finalize other data packages in preparation for roll-out over the next several weeks.

Alternate water continues to be provided as necessary.
