Hello Nicole and Kathy,
Attached is the revised PPT. I don't anticipate any trouble getting the finalized briefing package prepared for Kathleen by COB.

Thanks.

I think Kathleen would like to send the briefing materials by end of day and she would like to see them. Let me know if think that is possible.

This was the understanding that Kathy passed on to me and will be reflected in my revised PPT.

Thanks.

Ok thanks. One takeaway from the meeting on Friday, is that we'd like to start with an agenda that includes laying out that we believe we have options regarding the "clock" that HQ believes has started. The idea I think was that Kathleen would kick things off letting HQ know conceptually about that option (ie , we believe that the Mine Plan of Operations is the "actions" as opposed to the ROD) before launching into the substantive briefing. Kathy – please correct if think you heard differently.
Thanks
Nicole

As Kathy indicated, I am in the process of updating the presentation currently. I will send it to you both shortly.

Nicole -
Here's what Carter sent me last week. The actual briefing presentation is the 2nd attachment (PowerPoint). I discussed with him the outcome of our meeting with Alexis last Friday and he is making revisions, accordingly. He and I are scheduled to meet at 1pm today to go over the revisions and any other last minute preparations needed. We'll need to figure out how to address the new info from the Save the Scenic Santa Ritas/CBD letter that Alexis forwarded late Friday.

Hi Kathy,
Attached is my draft Rosemont briefing presentation, up through the point that I felt capable of doing without further

Deliberative Process / Ex. 5

I have also attached a number of figures that might make useful handouts to give a lay of the land for Rob.

Let me know what you think and then I can continue to revise and refine.
