I'm on the call but just music. Is this the right number?

Attached for review before the FMC OU teleconference this afternoon are two sets of draft EPA comments:

1) Draft comments on the Gamma Cap Work Plan Addendum submitted 12/12/14. I think these comments, prepared by Rick Poeton, are consistent with our conversation of Dec. 18.
2) Draft comments on the DCAMP revisions submitted 10/4/14. A revised submittal was made, without prior receipt of written EPA comments, 12/19/14. These comments address both submittals.

Also, thanks to Doug for requesting additional information regarding the proposed Work Plan for managing bagged asbestos waste which FMC submitted 1/7/15. Let's discuss that too.
