Report of drive-by: Fred Rippy Inc
12471 E Washington Blvd
Whittier 90602

This is site # 186 on EPA's June 9 1981 superfund list.

Lorna Fong and I drove by July 23, 1981. We observed an operating plant inside a building. They appear to manufacture "fabric" for chain link fence.

We couldn't see the whole thing.

There's a hospital 2 doors away.
