RE: Fine Line Paint Company – 12200 Los Nietos Road

Dear Mr. Kallman:

I am writing you in follow up to our conversation concerning our facility – Fine Line Paint Company. While we are currently not operating the facility on a daily basis, we have not made a decision to permanently shut down the facility. We hope to reopen later this year – possibly third quarter.

We have reduced the levels of raw materials stored at the facility to minimize any potential problems. Art Holst, the property owner, has an office in our section and is presently in the office three to five days per week. In addition, we walk the facility at least once a week.

As for emergency contact names and numbers, please show the following:

- **Feliciano Mislang**
