Are you around on Wednesday?

Marc Ebbin is pushing the idea of a "regional LEDPA" for everything associated with the peripheral canal/BDCP. I have attached the bulleted concept paper they sent over today.

Erin and I are going to talk about this some time tomorrow, and we would love to pick your brain on this. BTW, the same concept is coming up for decision time in Placer County. It would be poetic justice if you and Erin had to think about that one too.

But right now, I'm mainly concerned about the BDCP issue.

Here's the concept paper:
