Date: 12/07/2012 03:11 PM

Harry,

Thanks for the quick response. I will set the call up for Friday, December 14, at 9:00 am and will provide a call in number.

Brian

Subject: EXTERNAL: Re: The Dalles, call to discuss leachate treatment

Brian,

I am available for a call next Friday but not Thursday. 9:00 am or 10:00 am would work for me on Friday. I have copied the other EPA potential participants. Do you want to arrange for a call in number?

Regards,

Harry

"Thorne, Brian" ---12/07/2012 02:54:16 PM---Harry, I wanted to see if you had any availability next Thursday or Friday (December 13th or 14th) t

Subject: The Dalles, call to discuss leachate treatment

Harry,

I wanted to see if you had any availability next Thursday or Friday (December 13th or 14th) to discuss the leachate treatment options for The Dalles. During our meeting earlier this week, we agreed to talk next week about our initial research on possible options. Please let me know what date and time will work for you, and what additional EPA personnel should be invited to the call.

Please contact me with any questions or comments.

Thanks,

Brian
