I'm grateful for his interest - can you add it to my calendar? Thx

Subject: Reclamation

I spoke with Don Glaser a couple of times recently and he is really keen on spending some time with us, discussing how our work intersects and developing a deeper understanding of each other's programs and drivers.

He's on Jared's calendar for October 14 but he's not envisioning that to be anything more than a meet-and-greet overview kind of meeting. We talked about using the next few hours after the 10:00 with Jared - he suggested half a day!

I'm not sure whether there was an epiphany or whether it was our BDCP letter or what, but I very much welcome his interest in understanding EPA's interests.

We didn't talk about who he'd bring. It'd be great if you could all be there. I think this will be CV-focused (so not Klamath.)
