Hi Tom,

I have no record of the April 15, 2008 NOI for the BDCP. It is not in my Project File, email list of FR received or in our R9 EIS db. The deadline date for this notice was May 30, 2008.

We did send a scoping letter dated March 17, 2008 in response to a January 24, 2008 NOI and March 17, 2008 NOP. The Letter is attached below.

(See attached file: BDCPnoiFin.doc)

Yes, we need to discuss whether we can or should send additional scoping comments ASAP.

Please note ERO has an extremely high workload right now. I still have 6 DEIS to review before the end of November.

I missed this one completely.

Does this mean that we've lost our opportunity to send in a scoping notice?

We will need to talk about this at our meeting next week.

Here's the scoping notice:
