EPA comments on BDCP Appendix D Toxins 11-1-11.docx

Hi Laura,

Karen can make the call on whether or not ERO needs to be part of this review. Attached are Water Division comments on the 'toxins' appendix to Chapter 5 of the BDCP/admin draft of EIS. Water Division is also producing comments on another appendix to chapter 5 that covers flows and turbidity. We'll cc you or forward them after they're submitted.

Hi Karen and Erin,

Let me know if ERO needs to be part of this review. I hope to be available to catch-up on previous EPA BDCP related reviews and to participate in future reviews at the beginning of December.

As Tom may have told you, I will be retiring January 28, 2012. We plan to backfill. Thus, there may be a new (or existing) ERO staff person by end of November who can start learning about and supporting our BDCP Cooperating Agency review activities.
