Doyle.

Attached is the completed site inspection form and 3 site inspection photographs for the fourth quarter 2014 site inspection performed on December 15, 2014. The small upturns in the site security fence are still present, but none are large enough for human trespass. I'll mail you a hard copy of the report. Please call me at 630/699-5881 if you have any questions.

Regards, Michael Hirt
