Subject: Perciasepe briefing paper for ag tour - UPDATE - use this version
Bay Delta Issue Paper for Perciasepe Visit July 2010.doc
http://www.waterboards.ca.gov/waterrights/water_issues/programs/bay_delta/deltaflow/draft_report.shtml

Please use this updated version of the Delta briefing paper. It has been revised to accurately reference the release today by the SWRCB of a draft report on the Development of Flow Criteria for the Sacramento-San Joaquin Delta Ecosystem. Given the timing, I wonder if this will more likely be an issue of discussion during the tour?

For more information on this draft report refer to:

Hi Cindy:

Here is a final briefing paper for Perciasepe on the Delta for next weeks ag tour with USDA. I am out tomorrow and Friday. If you have questions or need something else get in touch with Bruce (2-3460), Carolyn (2-3482) or Erin (916-557-5253). As previously indicated, Bruce Herbold or Karen Schwinn are available for the tour if their services should be needed in regard to Delta water quality, with Bruce being our first choice since he is a fish doctor.

Best of luck! Sam

PS. Thanks to Bruce, Carolyn and Erin for putting this one-pager together!
