10-11-91
12.3.8 v.6

Notes on Stormwater System. 10/11/91

① Ask Grove is not making any provisions for Stoneway's process water overflow. - Is this still true? - yes

② Does Stoneway want our truck wash water? - no indication

③ No revision to the master use permit?

④ Submittal of National Pollution Discharge Elimination System (NPDES) (by November 18, 1991 - maybe as late as May 18, 1992) - just application

⑤ Waste Discharge Permit - vacated upon connection to the public system

⑥ Need permits from the City and Metro?

=

-? ① Ask Grove must sign a Memorandum of Drainage Control Plan.

Plans are -? ② Street Use Permit - for connection to public storm sewer.

③ Nate has applied for Metro permit - sanitary sewer.

Dump from Truck Dump to Metro - Nate has this permit.

* Metro Tie in on NPDES *

Items #1 & #2 to do still.

Things to do initially -

① Check on Permits - Talk to Rinella or Kappen

② Talk to Hans Stauch - NPDES Permits

} Do these prevent us from starting this project?

* Is there any interim measures while we do this?

* Coordinate with Stoneway. - Do they have a permit?
