Recall we're holding morning of the 22nd for our call/meeting with Fran S-W and Dee Dee D. on the tox plan. The 21st works for me, however. As you know, I believe we should engage in these types of outreach and networking opportunities, and developing a relation ship with the Woods Institute could pay some long term dividends for us. Just my ,02.

David Smith

Hi. I received this invitation last week and was also tempted. I was reluctant to disrupt our work planning meeting, and thought maybe I'd go to Stanford for a portion of the forum. But I just looked quickly at calendars, and it seems possible that we could shift our managers meeting to Oct. 21 or 22.

Kristin, since I am heading to Sacramento until 3:00 tomorrow, could you, Paul or Linda poll the managers to confirm whether they could adjust their schedules without too much disruption to have our meeting on Oct. 21 or 22, presumably 1:00-4:00, but I am happy to shift to another block of time if that's better?

Everyone else, if you want to register, please wait until we see if we can confirm an alternate date that week for the meeting.

This seems like a rare opportunity, I'd really like to go, but it conflicts with our 1:00-4:00 management priorities session ☹.

If more than one of us want to go, is there any flexibility in the scheduling of our special session?

Wow, is this really free? Timing is difficult but sounds interesting.

Subject: Invitation to Join Hamilton Project/Stanford Woods Institute Water Forum

We hope that you will join The Hamilton Project at Brookings and the Stanford Woods Institute for the Environment for an upcoming forum we are jointly hosting on October 20th in Palo Alto. The purpose of this forum is to explore policy opportunities for improving water management in the United States in the face of scarce water supplies. Facebook Chief Operating Officer **Sheryl Sandberg** will give welcoming remarks, followed by an overview of the event by former U.S. Treasury Secretary **Robert E. Rubin**. California **Governor Jerry Brown** has been invited to give featured remarks on the landscape of water in the West, and Investor, Philanthropist and Advanced Energy Advocate **Thomas F. Steyer** will lead a panel on the impact of climate change on water resources. The full agenda can be found here.

Other panelists include, among others: **Robert Glennon** of the University of Arizona; **James Lochhead** of Denver Water; **Thomas Iseman** of the U.S. Department of the Interior; **William Phillimore** of Paramount Farming Company; **Barton Thompson** of The Stanford Woods Institute for the Environment; **Michael Markus** of Orange County Water District; **Peter Yolles** of Water Smart Software; **Wade Crowfoot** of the Office of California Governor Jerry Brown; **Noah Diffenbaugh** of The Stanford Woods Institute for the Environment; **Peter Gleick** of The Pacific Institute; **Solomon Hsiang** of the University of California, Berkeley. The forum will close with remarks by **Steven Denning** of General Atlantic and Chairman of the Board at Stanford University.

Please feel free to share information regarding the forum with anyone in your network who might be interested in participating. Registration details can be found here.
