Subject: Follow Up Call with Kyle Lombardi on California UIC Issue

Mike/David -

I had a note on my calendar that we committed to reaching out to Kyle Lombardi in Congressman Kevin McCarthy's office as a follow up to the last call you had with him on August 13th. Can you let me know whether I should work to schedule another call with Kyle. Not sure if we have new information to share with him, but wanted to check. Nahal included a reference to a need for a follow up call in the attached summary of the call you had with Kyle. Please let me know.

Anytime! The call went fine. Lots of questions. He was a bit concerned about how long it might take for these issues to work out and the implications it may have on the businesses/jobs as a result of the letters going out to these companies.

He requested a copy of our July letter as well as some program information. I'm waiting to for David to send me the links to that info online and then I will send him a copy of that letter and will cc you.

He also wants a follow up call in a few weeks. He suggested the week of August 25th. Mike mentioned that they have a meeting with DOGGR on the 27th and so any time after that would probably work.

I told him you would follow up on times that would work for a call on the 28th or 29th.

I'm happy to help coordinate that if you need.

Hope all is well.

Nahal
