Subject: Outreach meetings

Hi Rock,
Below is a brief description regarding the purpose of our outreach meetings next week. Per our prior discussions, we will plan to have two sessions on July 7th in order to keep the meetings smaller and less formal (10-11 and 11:30-12:30). Feel free to give me a call if there is anything in particular we need to discuss prior to the 7th. We're coordinating with Bill Bartling and Jon Bishop, both of whom will attend. While I know there are a lot of topics that could come up, especially with DOGGR and State Board present, we are hoping to keep the discussion focused on AE related topics.

Thanks very much for your assistance in setting up the meetings. . If you send something out to the invitees, please send me, Mike, Bill, and Jon a copy. I'm copying Bob Poole of WSPA so he is in the loop. We look forward to the dialogue next week.

Outreach meetings with USEPA, CA DOGGR, and CA State Board

Representatives of the three agencies will participate in informal discussions about aquifer exemptions in CA with oil/gas industry personnel. The sessions will provide an opportunity for the agencies to answer questions about the aquifer exemption process, discuss roles and responsibilities of the state/federal agencies, and clarify upcoming regulatory deadlines. It will also provide an opportunity for the agencies to hear from industry about their perspectives, specific concerns, and any suggestions for improvements to the current aquifer exemption review process.

Regards,
David
