Hi Sonnie,

I do not have any questions at this time regarding the ownership letter. I do need to get back to you about any forms to be completed, or other requirements we may have.

We do have a response regarding the aquifer exemption information provided. The original letter went out in yesterday's mail; I've attached a scan for your information. If you have any questions, please feel free to schedule a call.

Sincerely,

Michele

Hi Michele,

Did you receive the letter regarding the ownership information of our facility? Also I would like to ask if you have any status on the information I sent you regarding the aquifer exemption?

Sonnie T. Pineda

Hi Sonnie,

When we talked a few weeks ago I thought I understood that Elk Hills Power was still the owner, but now it seems it is California Resources? There is an EPA form (7520-7) but I think i need clarificiation of the ownership first. Can you get a something written that explains the structure, even if it is in draft, and maybe we can run it by our respective attorneys for better guidance.

Regards,

Michele

Michele,

Is there a form that we need to submit to notify you that the primary owner of Elk Hills Power, LLC has changed to California Resources Corporation?

Our facility name is still the same Elk Hills Power, LLC. The owner of the company has changed from Occidental Energy Ventures Corporation to California Resources Corporation.
