Subject: AK Steel Evidence to Ohio

Gina:
I talked to Sara about AK Steel.

Can you please draft an email for me to send to Ohio that forwards to them the violations we found at the coke ovens (that they have not yet noticed), and the evidence for them.

So, a brief narrative, the rules, the facts, and the violation. A mini NOV in an email with the observation sheets attached.

I think we have three violations: doors, offtakes, charging(?)

Thanks,
