Mrs. Lee,

Confirmed from my RS managing the case in the field, he will be asking Mr. Moxly today for an additional 20k to support the orders and projected timeline of OPS currently presented.

Respectfully,

Ok. Please provide an updated cost estimate and I'll run it by the OSC. Thanks.

Sorry, just saw this email. Yes we issued the CPN for the case. Our SK's have recently switched roles with the departure of PO Lamoria and the question came up from his replacement.

On a side note, our RS on scene will be briefing the OSC of our current costs and burn rate. The initial 20k WAF was for two people for a 21 day deployment, we now are incurring costs for seven personnel on scene and will have to adjust the ceiling to accommodate.

Good afternoon Barbara and Jeremy!

Barbara: Yes, PST issues the CPNs for all new cases.

Jeremy: Your team issued C16P06 to Fruitland Magnesium Fire ER.

Isn't the CPN issued by the PST/NPFC?

Mrs. Lee,

The WAF looks good. What is the CPN for this case? I will need to annotate it for my case briefings up the COC and our case pre brief paperwork.

R,

LT Leggett
