Judy,
I'm sorry I haven't had a chance to reply to any emails. I appreciate the emails and they've been helpful. I've been in regular contact with those reporters and more. Looking forward to coming up for air (clean air) soon and coordinating with you.
Have a great weekend.
J

Hi Jennifer – EPA has received inquiries from Rob Davis at the Oregonian and Cassandra Profita from OPB that pertain to the rulemaking and/or permitting aspects of the Clean Air Act and the Bullseye Glass issue. We are working on draft responses and would like to coordinate with you. Both are on deadlines. Thanks, Judy
