Dear madam,

I obtained a copy of your June 1999 issue of "Region 9, Perchlorate update" and found it to be very factual and newsworthy. But I haven't been successful in getting subsequent copies through libraries and other sources. Hence, I would appreciate it very much if you would provide me with back-log copies (since June 1999) and put me on the mailing list for any new copies. If there is any fee for these publications, please inform me.

Since you are a member of the Interagency Perchlorate Steering Committee (IPSC), I would also appreciate reports of this committee, if the proceedings are not covered by your "Region 9, Perchlorate update" bulletins.

I am a part-time resident of Montana and am very interested in any reports on Region 8 states, mainly the dispersion of perchlorate. Thanks for your help.

Sincerely yours
Joseph Rynasiewicz

Vicky - this man calls every few months or so. He wants regular updates. I have sent him the 3/2002 fact sheet.
