Great – thanks. Everyone will get a chance to see the fact sheet, to ensure any changes to impact the final product.

QAPP as requested.

Just keep in mind there may be minor changes as this is still under review by the QA folks.

See the attached QAPP for the pending investigation in Spanish Village next week.

The Region 7 QA shop is currently reviewing so there may be some minor edits before it's finalized.

I have sent this out to the larger group assisting EPA in developing this.

I am trying to arrange a call for Wednesday to here from the external reviewers.

Let me know if there are any question,

Tom
