Re: Notification of Hazardous Waste Site

Gentlemen:

In compliance with Section 103(c) of the Comprehensive Environmental Response, Compensation & Liability Act of 1980, attached is a copy of the updated "Waste Disposal Site Survey" provided to the House Interstate & Foreign Commerce Committee in 1979 for

Mobil Chemical Company
Chemical Coatings Division
Cleveland, Ohio 44111

EPA ID# OHD049372154

Effective January 1, 1981 ownership transferred to Cook Paint & Varnish, 919 East 14th Avenue, Kansas City, Missouri 64116.

In preparing the data contained in the enclosures, we have made inquiries of individuals and reviewed Corporate records and files reasonable available to us. While all sites identified in that review are reported herewith (unless exempt, e.g., RCRA interim status), it is possible that some locations, such as very old sites owned or operated by Corporate predecessors or others, may have been omitted inadvertently due to the lack of current records or information.

Yours truly,
