8/25
Discussion Questions
Session #1

Kevin - Highest known level in drinking water is Hollister CA 810 p.p.b. (private well)

Larry

HAS MAGNA WATER DISTRICT SHUT DOWN THE WELL (BRANDON?) IN WHICH THEY HAD A POSITIVE PERCHLORATE HIT? (4.5 ppb)

Are you aware of any third party lawsuits under CWA, "human health and the environment" that have been filed for Health Advisory listed contaminants.

~~No~~

Clearwater study - ~~to~~ RFP's out - Reviewing bids for final selection.

Study targets areas Perchlorate used - get an idea of impact on water.

Has Russian Research
on ClO_4 Been Looked
at ?

DW appears to have been sampled—
Have any Utah surface water sites been sampled?

Whose responsibility is it to monitor surface water in Utah (or in EPA) for this issue?

Recommend mailing notification of the peer review ~~to~~ nomination to the "known" stakeholders - perhaps those attending these stakeholder meetings. Federal Register is not the best advertising medium.

Dave Mattie

The Second generation study (F2)
will not be final until Feb 99
how will this relate to the
final RFO

It was mentioned by several speakers that private wells were tested with some results being in the 100's of ppb. What is being defined as a private well and what was done to notify the users of the well? What if any other measures were taken other than notification?

— What is Peer Review nomination process (Kevin asked) UTAH 8/25

— Does Ext. Peer Rev process supercede
Public comment period
(No, not formal public comment period)

— Endpoint is RfD not MCL, so no public comm ??
(P. Lorenzatti also include eco risk)
not a formal decision itself

[Kevin - clearly Utah audience wants to have public comment on RfD.

Mike O. - Example of other health Advsr ?
MTBE and over 100 HA's

— What is on CCL ?
microbial, MTBE,
- Purely Health Based ? - yes, health only / factor in develop MCL.

Peter - How many people on External Peer Rev
- about 10.

Mike - Process ?
RfD → OGWDW tech → HA → CCL → NPDWReg.
Revised RfD is better basis for States to develop regulations that the current provision RfD
