Subject: G-I Holdings Inc. Response to EPA Request for Information

Dear Mr. Cardiello:

I write on behalf of G-I Holdings. As I stated in a voicemail that I left for you a short time ago, we are requesting a two-day extension for G-I to respond to the EPA's Request for Information, which is otherwise due today. You've been in contact with my colleague Sylvia Simson and our co-counsel Mark Hall about past extensions to this request. We are asking for a short extension because we just discovered a technical issue that requires us to re-process our entire production, which was otherwise scheduled to go out today. Because our written responses refer to the production by bates range, the re-processing is also keeping us from finalizing those documents as well.

Please confirm you will grant us an extension until Wednesday, April 6 to respond to the EPA's request. I'm available to answer any questions you may have.

We appreciate your consideration.

Best,

Jon
