There is pollution from (b) (6) [redacted] constantly but sometimes "worse" than others, ie spring + Fall the debri from this grainery is on our cars, in the pool + especially my lungs.

I emailed the EPA last year and they never responded. I don't have a copy. I also called the grainery + told them of my problems. They said "we are operating within the law." Nothing changed.

I've been sick ever since I moved here 2 yrs ago. At this point, I can't sit on my patio + rarely go outside without a mask. My pulmonary doctor thinks I may have Sib Filler's Disease.

Please help!
