Sylvia,

This email confirms our conversation earlier today regarding FOIA Request EPA-R2-2016-006190 (the "Request"). At this time, G-I agrees to limit the Request to Nos. 1(a)-(c) & 2-5. EPA acknowledges that G-I may renew the Request for documents responsive to No. 1(d) after reviewing the documents responsive Nos. 1(a)-(c) & 2-5.

EPA and G-I agree that at 10:00 AM on August 3, 2016, EPA will produce all responsive documents that are not subject to a designated FOIA exemption at 290 Broadway, New York, NY 10007. G-I's counsel will appear in person to review the responsive documents and will be able to request copies of any such documents, the cost of which will be borne by G-I. Along with the responsive document production, EPA will provide G-I with a formal written response to the Request, which will explain any applicable FOIA exemptions.

Should EPA be required to move the agreed-upon date of review, EPA will give G-I at least seven (7) days' notice.

Thank you,

Krista

Sylvia,

Hope you had a nice holiday. I inquired about the status of FOIA Request EPA-R2-2016-006190 and received a copy of the Request, about which I have several concerns. First, the Request is extremely broad. Can you identify more exactly what type of information you are

seeking? This would avoid production and review of information which is within the scope of the Request but which is most likely irrelevant to your efforts. Similarly, the Request as it currently stands is likely to capture so many documents that it will take EPA some time to produce them. It would serve your interest in expediency and EPA's interest in conserving government resources to have you review the documents in person at EPA's offices in lieu of electronic production.

Please let me know whether you will be narrowing the Request and whether you agree to review the documents in person.

Thank you,

Krista
