SUBJECT: Field Insp of Reid Supply @ Wichita on 6 April.

SUMMARY

John said his 5 page NOV probably didn't include all possible (potential) violations. He said Reid supply was surprised, thought they had been doing everything OK. Dale Stuckey (KDHE) accompanied John on the inspection.

I drafted letter to Cross, transmitting their (green) copy of the NOV.

John said Reid was the worst situation he'd seen so far in Region VII.
